From one of the funniest minds -- and pens -- of our time, at last, the definitive collection of the very best of Opus, everyones favorite maladjusted penguin.One of Americas most beloved comic geniuses is back, with this collectible 25th anniversary compendium of the best of Opus, joined by his hilarious supporting cast, including Binkley, Milo, Bill the Cat, Steve Dallas, Ronald Ann, and the rest of the residents of Bloom County and Outland. From Antarctica to Omaha, Opus has cavorted with space creatures, impersonated rock stars, fended off accusations of penguin lust, and even campaigned for office. Now, in addition to the classic strips, Berkeley Breathed also brings us never-before-collected Bloom County cartoons and original all-new material from his Opus comics. Brace yourself for the sidesplitting, table-pounding, milk-through-the-nose-spewing laughter that only Opus and his outlandish friends can generate. The perfect collection for both die-hard fans and those discovering the matchless humor of Berkeley Breathed for the first time.

A.W. Tozer calls God the "Composer of the Cosmos," the "Chief Musician of the Universe." God signals the birds to chirp their beautiful tune in the coolness and tranquility of a spring morning, simply because that is what He designed them to do. Each note is wonderfully constructed by God, uniquely bringing praise to His name. With this inspiring perspective on worship, Tozer invites readers to take a deep look at the ways in which we worship and why. He reminds us that we were created solely for this purpose and that worshipping the Father and seeking His fellowship is our primary task. It is also His delight. The newest revised edition now includes "Worship: The Missing Jewel of the Evangelical Church," first published in the Alliance Life magazine in 1965, and still so profound today.

The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as a approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Please note that The Social Change Model: Facilitating Leadership Development (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to Leadership for a Better World, 2nd Edition in seminars, workshops, and college classrooms. You'll find that, while each book can be used on its own, the content in both is also designed for use togther. Designed for facilitators of groups for physically, emotionally and sexually abused women, this volume examines a programme that focuses on the woman herself and her power to change the course of her life. The book is based on the accumulated experience of the authors and their continuing evaluation of groups they have facilitated over the past eight years. Both material for clients and easy-to-follow scripts for group leaders are included. Educational rather than therapeutic, the programme includes sessions on family roles, boundaries, feelings and assertiveness skills. It is designed to enable abused women to: understand the problem and reality of abuse for the entire family; set realistic goals; become aware of lifelong
