101+ Read Book Anyway The Paradoxical Commandments Finding ...

The Paradoxical Commandments are some simple commandments that combine to make an excellent philosophy for living. The author teaches the joys and virtues of doing good things for the sake of doing them, without expecting yourself to be advanced or bettered in any way, and doing them even when it puts you at risk of becoming vulnerable or gaining false friends and true enemies.

Price: \$19.95 Add to Cart This national bestseller is an introduction to the Paradoxical Commandments and what they mean. " is simple, eloquent, and profound. It will touch you in surprising ways. Most important, it will help you to live

An inspirational handbook introduces a series of paradoxical commandments that encourage readers to discover a personal meaning and true happiness in their lives, regardless of whether or not they achieve "success," by doing what is right and good and true. Reprint.

Dr. Kent Keith published the Paradoxical Commandments as part of a book he wrote for student leaders in the 1960s when he was an undergraduate at Harvard. These maxims for finding meaning in the face of adversity took on a life of their own, making their way into countless speeches, advice columns, books, institutions, and homes around the world. They were even found on the wall of Mother Teresa's children's home in Calcutta. They became the basis of Keith's bestselling book Anyway: The Paradoxical Commandments. Do It Anyway expands on the vision behind the Paradoxical Commandments. It includes forty stories of people who live the commandments each day and gives you the examples, tools, and encouragement to find personal meaning and deep happiness, no matter who you are or what your circumstances, even when times are tough.

From Kent M. Keith, the author of the internationally acclaimed Paradoxical Commandments, comes a remarkable book about faith. In Have Faith Anyway, Keith explores the meaning of his eleventh commandment: The world is full of violence, injustice, starvation, disease, and environmental destruction. Have faith anyway. Like the other paradoxical commandments, this one focuses on the fundamental values we have in common as human beings.

The Paradoxical Commandments have been quoted around the world for decades. It all started when Kent Keith first articulated the ten timeless principles when he was a college student in the 1960s, and then put them into book form in the classic Anyway. His modern credo for finding personal meaning in the face of adversity became a sensation. Now the author returns to present an important and inspiring new book illustrating the Paradoxical Commandments through Bible stories and verses. In Jesus Did It Anyway, Keith draws from the Old and New Testaments, the teachings of Jesus and the apostles, and personal experiences to demonstrate how the Paradoxical Commandments are grounded in Scripture and the Christian faith. Each chapter offers inspiring stories that illuminate the Paradoxical Commandments by examining how Jesus and other biblical figures lived their faith—they faced tremendous adversity, but always knew they were divinely blessed. Keith reveals how answering Jesus's call to live a paradoxical life can lead to the deepest personal meaning and spiritual fulfillment.

First published in 1976, Paul Johnson's exceptional study of Christianity has been loved and widely hailed for its intensive research, writing, and magnitude—a tour de force, one of the most ambitious surveys of the history of Christianity ever attempted and perhaps the most radical (New York Review of Books). In a highly readable companion to books on faith and history, the scholar and author Johnson has illuminated the Christian world and its fascinating history in a way that no other has. Johnson takes off in the year AD 49 with his namesake the apostle Paul. Thus beginning an ambitious quest to paint the centuries since the founding of a little-known "Jesus Sect", A History of Christianity explores to a great degree the evolution of the Western world. With an unbiased and overall optimistic tone, Johnson traces the fantastic scope of the consequent sects of Christianity and the people who followed them. Information drawn from extensive and varied sources from around the world makes this history as credible as it is reliable. Invaluable understanding of the framework of modern Christianity—and its trials and tribulations throughout history—has never before been contained in such a captivating work.

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

"What does everyone in the modern world need to know? [The author's] answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. [The author discusses] discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life"--
