Add certainty and systematization into Forex trading with this practical approach. Author and industry professional Igor Toshchakov shows how recurring market patterns--which can be recognized on a simple bar chart--can be successfully used to trade the Forex market. Written for traders at every level, this valuable resource discusses the challenges of developing a trading method, while revealing the Toshchakov's approach to the market--both from a philosophical and tactical point of view. You'll discover specific trading strategies based on recognizable market patterns, get detailed information on entry and exit points, profit targets, stop losses, risk evaluation, and much more.

The foreign-exchange market is often referred to as the Slaughterhouse where novice traders go to get 'chopped up'. It is one of egos and money, where millions of dollars are won and lost every day and phones are routinely thrown across hectic trading desks. This palpable excitement has led to the explosion of the retail FX market, which has unfortunately spawned a new breed of authors and gurus more than happy to provide misleading and often downright fraudulent information by promising traders riches while making forex trading 'easy'. Well I'll let you in on a little secret: there is nothing easy about trading currencies. If you don't believe me then stop by Warren Buffet's office and ask him how he could lose \$850m betting on the dollar or ask George Soros why his short yen bets cost him \$600m not once but twice in 1994. What's wrong with these guys, don't they read FX books? In reality, the average client's trading approach combined with the unscrupulous practices of some brokers make spot FX trading more akin to the games found on the Vegas strip than to anything seen on Wall St. The FX market is littered with the remains of day traders and genius 'systems,' and to survive in the long-run traders have to realize that they are playing a game where the cards are clearly stacked against them. Have you ever had your stop hit at a price that turned out to be the low/high for the day? Bad luck perhaps? Maybe. What if it happens more than once? Do you ever feel like the market is out to get you? Well guess what, in this Zero Sum game it absolutely is. Covering the day-to-day mechanics of the FX market and the unsavory dealings going on, Beat the Forex Dealer offers traders the market-proven trading techniques needed to side-step dealer traps and develop winning trading methods. Learn from an industry insider the truth behind dirty dealer practices including: stop-hunting, price shading, trading against clients and 'no dealing desk' realities. Detailing the dealer-inspired trading techniques developed by MIGFX Inc, consistently ranked among the world's leading currency trading firms, the book helps turn average traders into winning traders; and in a market with a 90% loss rate winning traders are in fact quite rare! More than just a simple manual, Beat the Forex Dealer brings to life the excitement of the FX market by delivering insights into some of the greatest trading triumphs and highlighting legendary disasters; all written in an easy to read style. Make no mistake about it there is a lot of money to be made in currency trading, you just have to know where to look. Sidestepping simple dealer traps is one way of improving your daily p&l, but it is surely not the only one. Successful trading comes down to taking care of the details, which means skipping the theoretical stuff and providing only up-to-date, real-life examples while sharing the FX trading tips that have proved so profitable over the years. By stripping away the theory and getting down to the core of trading, you too will find yourself on the way to beating the forex dealer!

"Provides readers with a comprehensive guide to active trading, including the inner workings of the market, basic executions strategies, and how to apply trading insights. Covers the most common market maker setups; how to identify market maker traps; and how to follow the direction of the lead market maker in an individual stock. Emphasizes the importance of using Level II quotes to understand how market makers drive prices and manipulate the market"--

Generate greater profits while protecting your investments in the world's largest market Much has changed since leading forex expert and educator James Dicks introduced retail investors to trading in the foreign exchange currency market. The market's daily turnover has grown considerably, and more and more traders are achieving financial success by trading currencies--many thanks to Dicks's advice. Now, in The Forex Edge, he warns you about the less-than-honest practices and elaborate schemes many brokers use to prevent prosperous traders from retaining their wealth. This cautionary book is the result of Dicks's personal investigation into an assembly of forex brokers after a suspicious reversal of fortune forced him to close his trading account. It shows you how dishonest brokers pass themselves off as legitimate, the types of scams they run, and the ways you can use this information to your advantage. It outlines a straight-through process for taking more control over your trades to minimize your exposure to the risk of deceptive practices. With The Forex Edge at your fingertips, you'll be armed with: Practical guidance for using popular automated trading systems Effective approaches to back-testing with recommended software platforms Expert tips for spotting false and misleading information in online forums Proven strategies for profiting from options, hedging, swing trading, and trends From how the forex works and how brokers make money to the most common ways traders lose money--this accessible guide gives you everything you need to ensure your trading strategy draws maximum profits from the biggest financial market in the world. It features the same practical formulas and strategies Dicks uses to beat even the trickiest brokers. In today's forex market, you need more than a good trading strategy to survive. You need The Forex Edge.

Are you tired of forex trading courses, forex strategies, forex trading systems and books that don't really teach you how to trade and make money? This book does not waste your time with boring stories and basic, general information just to fill up pages! "Trading The Forex Market - Repeating Setups That Beat Your Broker", is a complete comprehensive forex trading guide that's suited for all experience levels & covers all of the important aspects you need to succeed. Whether you trade short term or longer term, these forex trading strategies will turn your trading around to profitability very quickly. The forex market has repeatable setups that happen over & over, that is the foundation of the strategies. These favorable price action setups are also combined with specific indicators & candle patterns that all work very well at confirming each other. There is absolutely no silly stuff in the course such as "magical theories" and page after page of useless information. These techniques and this forex trading education will have you trading like a true professional and develop your trading mind around the WHOLE trade, so you will become a trader, not just a strategy user! Many forex traders use too many indicators and rely solely on them, this is a big mistake and contributes to most of your losses. The reason is that the indicators were not created for 24 hour trading like the forex market, and because they need to be combined with other techniques such as price action because they lag behind price. This forex trading course will show you how to use only a

handful of indicators & put your efforts into spotting the repeatable setups that are right in front of you all the time. That's were the big money is. From scalping the forex market to trading medium & longer term, you're covered. The EUR/USD trade using the United States Dollar Index as the entry and the Ultimate Moving Average Play are two of the forex strategy highlights in the course. They allow you to profit thousands of pips a year! Good forex strategies are only a small part of the forex trading game and this course. Without proper forex trading education, money management & overall trade management, the best forex strategies will do you absolutely no good at all! Sections on management of your money & trades are included & will teach you how to keep losses to a minimum of 1%-3% no matter the size of your account. You will also learn techniques on how to form timely exit opinions for any forex strategy which is very important & has the biggest impact on your trading success along with proper trade management. Exits are not talked about a lot in the forex market for some reason, everyone is only interested in strategies. This is another big mistake traders make, but this forex trading guide covers that & a whole lot more making it possible for you to become an all around excellent trader. The author Larry Palmer, is an experienced trader who started his career in the stock market and has taught his forex trading techniques and money/trade management guidelines to traders from all around the world. He is the founder of [www.1on1fx.com](http://www.1on1fx.com)
