CHAPTER5. Advanced SQL. Practice

Exercises. 5.1 Describe the

circumstances in which you would choose to use embedded SQL rather than SQL alone or only a general-purpose programming language.

Access PDF Chapter 5

Advanced Sql

Answer: Writing queries in SQL is typically much easier than coding the same queries in a general-purpose programming language. However not all kinds of queries can be written in SQL. Also on declarative actions such as printing a report, interacting with a user, or sending the results of a query to a
