Continuous Challenge. A good game designer gives his players continuous challenges, each of which leads to another challenge, to keep them "hooked" on playing a game. This can be done by setting clear, short-term goals appropriate to the level of the player and the context within the

game.

What Makes a Good Game?
While most American youth do play
video games, only 26% of gamers are
under age 18. However, it appears
that the younger the child, the more
vulnerable he or she is to the negative
effects of gaming and to video game
addiction. Children under age 10 are
particularly vulnerable to developing
aggressive behaviors they learn from
video games.

Games, by their nature, are
interactive. A good learning game
should include a large element of
interaction and it should provide an
opportunity for your learners to reflect
on their own experience. Not only
does this provoke thought, but it also
helps craft a unique personalised
experience for each learner. It
Improves Retention
