Successful management depends on the ability to quickly and effectively manage conflicts. Conflict Resolution includes hands-on information for effectively communicating with employees, disciplining and even terminating employees, understanding and using organizational politics, and more.

Emerson and the Transcendentalists get credit for revolutionizing religious life in America by introducing a new appreciation of nature. But in this reconsideration of faith in the antebellum period, Brett Malcolm Grainger argues that it was Evangelical revivalists who transformed everyday religious life and spiritualized the natural environment.

Possessing supernatural abilities that enable him to change animals, objects, and himself into any shape of his choosing, Daniel protects the earth from alien predators while seeking the entities responsible for the murders of his parents.

It's a dangerous time for Daniel X-and when he's cast in an evil director's TV show, he must fight to stay alive. Daniel X thought he'd seen it all in his dangerous days of hunting outlaws-but there's no business like show business, and Number Five on his list of deadly targets is the most appalling criminal yet. An intergalactic reality television producer has orchestrated the extermination of millions, with a soundtrack and laugh track to accompany it. The evil entertainer's catching it all on film, and he's looking for a big-ticket draw. Who better to star than the Alien Hunter himself? Daniel finds himself cast in the lead role of a terrifying season premiere . . . of the gravest show on Earth. Can Daniel X stop this deranged outlaw-or will he find himself on the cutting room floor?

The visionary author's masterpiece pulls us—along with her Black female hero—through time to face the horrors of slavery and explore the impacts of racism, sexism, and white supremacy then and now. Dana, a modern black woman, is celebrating her twenty-sixth birthday with her new husband when she is snatched abruptly from her home in California and transported to the antebellum South. Rufus, the white son of a plantation owner, is drowning, and Dana has been summoned to save him. Dana is drawn back repeatedly through time to the slave quarters, and each time the stay grows longer, more arduous, and more dangerous until it is uncertain whether or not Dana's life will end, long before it has a chance to begin.
