An Anthropology of Marxism offers Cedric Robinson's analysis of the history of communalism that has been claimed by Marx and Marxists. Suggesting that the socialist ideal was embedded both in Western and non-Western civilizations and cultures long before the opening of the modern era and did not begin with or depend on the existence of capitalism, Robinson interrogates the social, cultural, institutional, and historical materials that were the seedbeds for communal modes of living and reimagining society. Ultimately, it pushes back against Marx's vision of a better society as rooted in a Eurocentric society, and cut off from its own precursors. Accompanied by a new foreword by H.L.T. Quan and a preface by Avery Gordon, this invaluable text reimagines the communal ideal from a broader perspective that transcends modernity, industrialization, and capitalism.

Plugged-In Parenting comes at a time when parents find themselves between a rock and a hard place. They want to protect their children from the increasingly violent and sexualized content of movies, TV, the Internet, and music as well as cyberbullying and obsessive cell phone texting. But they fear that simply " laying down the law " will alienate their kids. Can parents stay connected to the media while staying connected to God and to each other? This book makes a powerful case for teaching kids media discernment, but doesn ' t stop there. It shows how to use teachable moments, evidence from research and pop culture, Scripture, questions, parental example, and a written family entertainment constitution to uphold biblical standards without damaging the parent-child relationship.

Human beings are inherently sensual. We all share the want and need to indulge in a thirst until no longer thirsty. We want to feel the sensation of a soft touch that makes the body vibrate. We long for satisfaction that feeds the soul with warmth, be it physical or emotional. Skye is a bit na'ive when it comes to relationships. Montgomery is the on again, off again love of her life. Chelsea is the new age college roommate, while Terri is emotional, plain and simple. How will they navigate the world of love, lies, lust, and heartache? They are each swept up in a whirlwind of confusion. Is Skye the innocent damsel in the distress she first appears, or is she a sexually charged vixen? Lines are blurred as Skye takes on men and women in a world of erotic and mind-boggling relationships. Lust has a way of fooling people into thinking it's love, and as lust becomes Skye's fixation, who will pay the highest price: the lover, the cousin, or the wife?
