In myth and image, in visionary experience and ritual representation, the Greeks possessed a complete expression of indestructible life, the essence of Dionysos.

Dionysos : archetypal image of indestructible life ...

Dionysos is an archetypal image pointing to a truth. The Dionysian archetype is not a matter of faith but of fact. The indestructible force of unending life . does not have to do with the promise of life after death or of Purgatory. Or of heaven or the Elysian fields or Hades and its several synonyms. Or of the possibility of re-incarnation.

Dionysos: Archetypal Image of Indestructible Life: Ker é nyi ...

Carl Ker é nyi was a professor of classics and the history of religion in his native Hungary. His works include Eleusis: Archetypal Image of Mother and Daughter and Dionysos: Archetypal Image of Indestructible Life, and he collaborated with C. G. Jung to write Essays on a Science of Mythology; all three books are available in Mythos paperback editions.

No other god of the Greeks is as widely present in the monuments and nature of Greece and Italy, in the sensuous tradition of antiquity, as Dionysos. In myth and image, in visionary experience and ritual representation, the Greeks possessed a complete expression of indestructible life, the essence of Dionysos. In this work, the noted mythologist and historian of religion Carl Ker é nyi presents a historical account of the religion of Dionysos from its beginnings in the Minoan culture down to its transition to a cosmic and cosmopolitan religion of late antiquity under the Roman Empire. From the wealth of Greek literary, epigraphic, and monumental traditions, Ker é nyi constructs a picture of Dionysian worship, always underlining the constitutive element of myth. Included in this study are the secret cult scenes of the women's mysteries both within and beyond Attica, the mystic sacrificial rite at Delphi, and the great public Dionysian festivals at Athens. The way in which the Athenian people received and assimilated tragedy in its immanent connection with Dionysos is seen as the greatest miracle in all cultural history. Tragedy and New Comedy are seen as high spiritual forms of the Dionysian religion, and the Dionysian element itself is seen as a chapter in the religious history of Europe.

No other god of the Greeks is as widely present in the monuments and nature of Greece and Italy, in the sensuous tradition of antiquity, as Dionysos. In myth and image, in visionary experience and ritual representation, the Greeks possessed a complete expression of indestructible life, the essence of Dionysos. In this work, the noted mythologist and historian of religion Carl Kerényi presents a historical account of the religion of Dionysos from its beginnings in the Minoan culture down to its transition to a cosmic and cosmopolitan religion of late antiquity under the Roman Empire. From the wealth of Greek literary, epigraphic, and monumental traditions, Kerényi constructs a picture of Dionysian worship, always underlining the constitutive element of myth. "This study of Dionysus... is also a new theogony of Early Greece." —Publishers Weekly "An original analysis... of the spiritual significance of the Greek myth and cult of Dionysus." —Theology Digest

Covering a wide range of issues which have been overlooked in the past, including mystery, cult and philosophy, Richard Seaford explores Dionysos — one of the most studied figures of the ancient Greek gods. Popularly known as the god of wine and frenzied abandon, and an influential figure for theatre where drama originated as part of the cult of Dionysos, Seaford goes beyond the mundane and usual to explore the history and influence of this god as never before. As a volume in the popular Gods and Heroes series, this is an indispensable introduction to the subject, and an excellent reference point for higher-level study.

Equivalent of Athena is Minerva (Roman deity).

The Sanctuary of Eleusis, near Athens, was the center of a religious cult that endured for nearly two thousand years and whose initiates came from all parts of the civilized world. Looking at the tendency to "see visions," C. Kerényi examines the Mysteries of Eleusis from the standpoint not only of Greek myth but also of human nature. Kerényi holds that the yearly autumnal "mysteries" were based on the ancient myth of Demeter's search for her ravished daughter Persephone--a search that he equates not only with woman's quest for completion but also with every person's pursuit of identity. As he explores what the content of the mysteries may have been for those who experienced them, he draws on the study of archaeology, objects of art, and religious history, and suggests rich parallels from other mythologies.

An interpretation of the god Dionysos as seen by Greek vase painters before the golden age of classical culture, which will help understand his wide popularity beyond wine consumption, which lasted until the end of antiquity.
