You want to draw manga, and Manga  
University will show you how. You'll  
get VERY good at this. After all, we've  
been teaching people just like you for  
more than 20 years. "How to Draw

"Manga: Basics and Beyond!" is the latest in Manga University's lineup of best-selling instructional books. The book features more than 1,000 illustrations drawn by Japanese manga artists whose work has appeared in leading publications, including Shonen Sunday and Young Jump. You will learn how to draw like a professional because your teachers are professionals. We've divided the book into four easy-to-follow chapters that will have you drawing original characters from head to toe in no time at all: Heads First! We begin at the top, with a chapter on how to draw heads. After all, heads are the first thing most people notice, in both art and out in the real world. And in art, just like in the real world, you want to make sure your characters make a vivid first impression ... whether

they're completely human, or totally out-of-this-world. Let's Make Faces! The expression the eyes are the window to the soul is particularly true when it comes to manga. You can tell a lot about a character's personality by peering into their eyes. In this chapter, we explain the basics of drawing eyes. But we don't stop there. We also cover noses, mouths, ears, and hair. All About Bodies! Once we've covered faces, we move on to teaching you all all about drawing bodies. We go over the differences between male and female body proportions, count heads to determine the heights of our characters, and learn how to draw hands, arms, feet, and legs. Strike a Pose! Our book's final chapter is all about making a physical statement. We show characters standing tall, sitting down, throwing punches,

giving hugs, and more. Because even beautifully drawn characters look boring if they're frozen stiff. The book also includes a section on manga tools. Plus, you'll get to know the artists who contributed to the book through exclusive interviews in which they talk about their favorite manga and anime series, hobbies, how they work, and more!

If you have always wanted to draw manga but weren't sure how to begin, this fun and simple step-by-step book will help kick-start your comic-drawing journey. Learn how to draw boys, girls and creatures (ordinary and extraordinary) in the manga style. Starting with basic shapes, professional manga artist Yishan Li shows how easy it is to turn circles, rectangles, squares and ovals into

In Chibi Art Class, renowned anime  
artist Yoaihime teaches you the art of  
chibi, step by adorable step. Anime  
artist Yoaihime has captivated a huge  
audience with her adorable chibi  
drawings, and now she's ready to  
share her secrets with you! Chibi is  
Japanese slang for "short," and that's  
an appropriate description for these  
tiny doll-like creatures. In this book,  
you'll find tutorials on recreating their  
signature features and props,  
including dreamy eyes, mini-skirts,  
vibrant hair, colorful bows, and boba  
cups! You'll also practice drawing,
