Mike Peng and Klaus Meyer have direct, first-hand, experience of researching and teaching in Europe, Asia and North America. This combined experience makes them uniquely qualified to write this textbook, which offers a comprehensive and accessible introduction to international business that starts from Europe but ultimately encompasses the globe. The text's comprehensive coverage is accessibly arranged around one central question and two core perspectives. The central question is a what determines the success and failure of firms around the globe? Institutional and resource-based perspectives are utilized to answer this question. Throughout the text the very latest scholarly research is used to facilitate successful learning of the key concepts, in order to engage students with the historical context and recent global developments. International Business has been shortlisted for the 2011/12 CMI Management Book of the Year award in the ebook category. More information about the CMI and the competition can be found here <http://yearbook.managers.org.uk/index5.htm>.

The world's best-selling global business strategy text, Peng's GLOBAL STRATEGY, 5E uses a reader-friendly approach to help you master principles of strategic management from a truly global perspective. This edition emphasizes strategy around the globe using evidence-driven explanations with the latest research. A conversational style emphasizes the story behind the stories, while encouraging discussion. Timely debates address strategic issues, such as globalization versus de-globalization, offshoring versus non-offshoring and social media freedom of speech versus censorship. You also examine building an antitrust case against Big Tech and reducing income inequality via corporate social responsibility (CSR). Lively strategy-in-action boxes and numerous cases -- including brief, to-the-point integrative cases written with today's time-starved students in mind -- present current topics in every chapter.

4LTR Press solutions give students the option to choose the format that best suits their learning preferences. The limited number of global or international strategy textbooks almost exclusively focuses on how to manage larger, multinational enterprises (MNEs), which primarily come from and compete in developed economies. While MNEs are important, such a focus ignores the fact (1) that many smaller, entrepreneurial firms have also aggressively internationalized recently and (2) that MNEs often have to compete in emerging economies, which increasingly nurture strong local competitors. Most mainstream strategic management textbooks, while seeming to address the hot theme of globalization, contain only one chapter on international strategy. Finally, most international business textbooks do have a section (containing several chapters) on international strategy. However, they always carry a wider coverage of major business functions such as marketing, operations, finance, and accounting, making them unwieldy. GLOBAL STRATEGY is written to offer a number of new perspectives. These include (1) a broadened definition of global strategy, (2) a comprehensive and innovative coverage, (3) an in-depth and consistent explanation of cutting-edge research, and (4) an interesting and accessible way to engage students. In this book, global strategy is defined not as MNE strategy only, but as strategy around the globe. Most global strategy and international business textbooks take the perspective of the foreign entrant, typically the MNE, often dealing with issues such as how to enter foreign markets. Important as these issues are, they only cover one side of international business, namely, the foreign side. The other side, naturally, is how domestic firms compete against each other and against foreign entrants. Failing to understand the other side, at best, captures only one side of the coin.

Discover both sides of international business and how to prepare for the future. GLOBAL STRATEGIC MANAGEMENT, 3E, International Edition doesn't just show you what it's like for foreign businesses entering a new market; it reveals what domestic companies must do to survive foreign competition. Easy to read and full of study tools, GLOBAL STRATEGIC MANAGEMENT, 3E, International Edition, helps you prepare for your exams and for your career.

As globalization explodes, so has international business scholarship. This second edition of the Oxford Handbook of International Business synthesizes all the relevant literature of the last 40 years in 28 original chapters by the world's most distinguished scholars. Reflecting the changes and development in the field since the first edition this new edition has a changed structure, all the chapters have been updated to take account of the latest scholarship, and five new chapters freshly written. The handbook is divided into six major sections, providing comprehensive coverage of the following areas: · History and Theory of the Multinational Enterprise · The Political and Regulatory Environment · Strategy and International Management · Managing the MNE · Area Studies · Methodological Issues These state of the art literature reviews will be invaluable references for students in business schools, social sciences, law, and area studies.

Written by leading scholars, this new third edition provides readers with a comprehensive and authoritative examination of emerging markets across the globe. Fully updated in light of the COVID-19 pandemic and other recent macro drivers, the authors present analytical frameworks, tools and best practice insights to help readers develop a critical understanding of the growth economies presented within the book, alongside their common characteristics, evolution, and significance in the global economy. Making use of original cases encompassing countries including Brazil, China, Russia, Thailand, Turkey and Uzbekistan, the authors explore the unique challenges and opportunities for emerging markets throughout the world today, including the rising middle class, partnering, and negotiation techniques. This text is essential reading for international business students, researchers and practitioners focused on business in emerging markets.
