Paul is a participant in a new Channel 4 series, The Write Offs, in which Sandi Toksvig takes eight illiterate adults back to the classroom to teach them how to read and write in 18 weeks.

DIV In her entertaining and edifying New York Times bestseller, acclaimed author Francine Prose invites you to sit by her side and take a guided tour of the tools and tricks of the masters to discover why their work has endured. Written with passion, humour and wisdom, Reading Like a Writer will inspire readers to return to literature with a fresh eye and an eager heart - to take pleasure in the long and magnificent sentences of Philip Roth and the breathtaking paragraphs of Isaac Babel; to look to John le Carré for a lesson in how to advance plot through dialogue and to Flannery O'Connor for the cunning use of the telling detail; to be inspired by Emily Brontë's structural nuance and Charles Dickens's deceptively simple narrative techniques. Most importantly, Prose cautions readers to slow down and pay attention to words, the raw material out of which all literature is crafted, and reminds us that good writing comes out of good reading. /div

Originally published in 1992. This book brings together the work of a number of distinguished international researchers engaged in basic research on beginning reading. Individual chapters address various processes and problems in learning to read - including how acquisition gets underway, the contribution of story listening experiences, what is involved in learning to read words, and how readers represent information about written words in memory. In addition, the chapter contributors consider how phonological, onset-rime, and syntactic awareness contribute to reading acquisition, how learning to

Young readers who love *We Are in a Book!*, *How Rocket Learned to Read*, and *Also an Octopus* will love the reading and writing lessons and inspiration in *How to Write a Story*.

- Read-aloud books for kids ages 3-5
- Learning to write books for kids
- Kindergarten, pre-K creativity books

Kate Messner is an award-winning author whose many books for kids have been selected as Best Books by the New York Times, Junior Library Guild, Indie Bound, and Bank Street College of Education. She lives on Lake Champlain with her family. Mark Siegel is the author of many graphic novels and children's picture books, including the *5 Worlds* series, as well as the illustrator of *How to Read a Story* and the Robert F. Sibert Honor Book *To Dance: A Ballerina's Graphic Novel*. He lives in New York.

Fifteen unique reproducible books encourage students to write about themselves. Each book features pages in fun shapes with inviting prompts of various topics kids will enjoy. Illustrations.

Guides readers to understand and transcribe hieroglyphics by presenting and explaining phonetic elements.

Rhyming, reproducible storybooks that use a few simple words to help kids practice reading and writing words from 25 key

Read, Write, & Spell is a complete homeschooling guide—preschool thru Grade 3—that shows parents how to teach language skills at home. It contains a collection of hands-on activities to help children discover the joys of reading and writing, one step at a time. The lessons first establish a solid understanding of phonics and then build vocabulary skills through creative writing projects. Bite-sized tasks make it easy for students to complete each activity and feel a sense of victory as they progress. *Read, Write, & Spell* empowers parents to teach their children with confidence and sets the stage for a lifelong love of learning!

This book is a guide for parents who wish to raise children with more than one language and literacy. Drawing on interdisciplinary research, as well as the experiences of parents of multilingual children, this book walks parents through the multilingual reading and writing process from infancy to adolescence. It identifies essential literacy skills at each developmental stage and proposes effective strategies that facilitate multiliteracy, in particular, heritage-language literacy development in the home environment. This book can also be used as a reference for teachers who teach in community heritage language schools and in school heritage (or foreign) language programmes.

Have you ever wanted to write a novel or short story but didn't know where to start? If so, this is the book for you. It's the book for anyone, in fact, who wants to write to their full potential. Practical and jargon-free, rejecting prescriptive templates and formulae, it's a storehouse of ideas and advice on a range of relevant subjects, from boosting self-motivation and confidence to approaching agents and publishers. Drawing on the authors' extensive experience as successful writers and inspiring teachers, it will guide you through such essentials as the interplay of memory and imagination; plotting your story; the creation of convincing characters; the uses of description; the pleasures and pitfalls of research; and the editing process. The book's primary aim is simple: to help its readers to become better writers.

A surprisingly simple way for students to master any subject—based on one of the world's most popular online courses and the bestselling book *A Mind for Numbers* and its wildly popular online companion course "*Learning How to Learn*" have empowered more than two million learners of all ages from around the world to master subjects that they once struggled with. Fans often wish they'd discovered these learning strategies earlier and ask how they can help their kids master these skills as well. Now in this new book for kids and teens, the authors reveal how to make the most of time spent studying. We all have the tools to learn what might not seem to come naturally to us at first—the secret is to understand how the brain works so we can unlock its power. This book explains:

- Why sometimes letting your mind wander is an important part of the learning process
- How to avoid "rut think" in order to think outside the box
- Why having a poor memory can be a good thing
- The value of metaphors in developing understanding

A simple, yet powerful, way to stop procrastinating Filled with illustrations, application questions, and exercises, this book makes learning easy and fun.
