In homes and school communities nationwide, there is re-energized interest in the values of community, compassion, and tolerance, and in finding our way to a kinder culture—a culture that starts with our families. Headlines speak of hate crimes, intolerance, and us-versus-them divisiveness. Recent political events have left many Americans yearning for unity, respect, and compassion in our national discourse. In our schools, bullying continues to be a pervasive problem, and in our homes, "screen-time" poses a constant threat to 'family time.' Research shows that connection and social engagement are key to successful, fulfilling lives, and yet we have never been less connected than we are now. Perhaps more than any other group, parents recognize the potential damage of this trend. Children who are raised in a culture where giving and compassion are valued become happier and more positively engaged with those around them. They are less likely to treat others disrespectfully. With increased concern about meanness and bullying, you may be among the many parents who see the need for more civil, respectful, and considerate behavior among our children. The Kindness Advantage is a practical and concrete guide for you to equip your child with the skills they need to have a positive influence on the world. We all benefit when children are raised with the understanding that they can have an impact by making conscious choices. It's never too early to start your child on a path of fulfillment through meaningful connection with others. Designed to be read with children as young as four, the book presents ten fundamental concepts to weave into your family's daily life. Using text, quotes, questions and real life stories, The Kindness Advantage is the first book parents need to think about and teach the necessary skills to be a kind, compassionate person. Each idea on its own is simple and unthreatening, yet together they form the powerful foundation parents need to go beyond teaching "please" and "thank-you" to form kindness habits that will last a lifetime. In a world where kindness is so greatly needed, The Kindness Advantage offers inspiration and activities to teach kids empathy, inspire a culture of compassion and connection, and empower children to make a difference in their community and the world.

In A Passion for Kindness, educator Tamara Letter shares her own kindness journey and shares experiences from other kindness cultivators around the world. Through personal stories of vulnerability and vitality, you will discover unique ways you can make a positive difference in the lives of friends, family, coworkers, neighbors, and even strangers.

Empower children to recognize their individual worth and develop confidence in themselves, their abilities, and the choices they make. Children learn that they can speak up, expect and show respect, try new things, and believe in themselves. Confidence-building skills of accepting yourself, asking for what you need, making decisions, solving problems, and communicating are also discussed. Young children will respond to the true-to-life situations and colorful illustrations.
