'Depending on the firm, a candidate can expect to face a telephone or Skype interview, video interview and a panel interview, which may be conducted by a combination of graduate recruitment and fee-earning colleagues,' explains Louise Glover, senior university teacher and departmental employability lead, at the School of Law, University of Sheffield.

This book examines the rapid development of the fundamental concept of a crime in international criminal law from a comparative law perspective. In this context, particular thought has been given to the catalyzing impact of the criminal law theory that has developed in major world legal systems upon the crystallization of the substantive part of international criminal law. This study offers a critical overview of international and domestic jurisprudence with regard to the construal of the concept of a crime (actus reus, mens rea, defences, modes of liability) and exposes roots of confusion in international criminal law through a comprehensive comparative analysis of substantive criminal laws in selected legal jurisdictions.

CrunchTime provides a comprehensive topic breakdown and critical information review all in one tool! Each title offers capsule summaries of major points of law and critical issues, exam tips for identifying common traps and pitfalls, sample exam and essay questions with model answers, and recommended approaches for crafting essays that will get winning grades! CrunchTime Series features: capsule summary of subject matter; condensed format; flow charts illustrate major concepts; multiple-choice questions with answers; essay questions with model answers.

Twenty-five leading contemporary theorists of criminal law tackle a range of foundational issues about the proper aims and structure of the criminal law in a liberal democracy. The challenges facing criminal law are many. There are crises of over-criminalization and over-imprisonment; penal policy has become so politicized that it is difficult to find any clear consensus on what aims the criminal law can properly serve; governments seeking to protect their citizens in the face of a range of perceived threats have pushed the outer limits of criminal law and blurred its boundaries. To think clearly about the future of criminal law, and its role in a liberal society, foundational questions about its proper scope, structure, and operations must be re-examined. What kinds of conduct should be criminalized? What are the principles of criminal responsibility? How should offences and defences be defined? The criminal process and the criminal trial need to be studied closely, and the purposes and modes of punishment should be scrutinized. Such a re-examination must draw on the resources of various disciplines-notably law, political and moral philosophy, criminology and history; it must examine both the inner logic of criminal law and its place in a larger legal and political structure; it must attend to the growing field of international criminal law, it must consider how the criminal law can respond to the challenges of a changing world. Topics covered in this volume include the question of criminalization and the proper scope of the criminal law; the grounds of criminal responsibility; the ways in which offences and defences should be defined; the criminal process and its values; criminal punishment; the relationship between international criminal law and domestic criminal law. Together, the essays provide a picture of the exciting state of criminal law theory today, and the basis for further research and debate in the coming years.

This book explores the philosophical underpinnings of the law's major doctrines concerning actus reus, mens rea, and defences, showing that they are not always driven by culpability but are grounded also in principles of moral responsibility, ascriptive responsibility, and wrongdoing.

This critical inquiry into the nature and underpinnings of criminal law legislation provides a comprehensive review and analysis of criminal law content from statutory, moral and philosophical perspectives. The book covers fundamental principles in criminal law codifications, delivers an accurate examination of criminal elements in felonies and misdemeanors and encourages critical inquiry and analysis beyond the volume.The volume introduces the definitions of crime, Actus Reus and Mens Rea and analyzes homicide, assault and other offenses, sexual offenses, crimes against property and habitation, offenses contrary to the public morality, inchoate offenses and criminal defenses. For those interested in critical inquiry into criminal law legislation.

Hall, Jerome. General Principles of Criminal Law. Second Edition. Indianapolis: The Bobbs Merrill Company, [1960]. xii, 642 pp. Reprint available January, 2005 by the Lawbook Exchange, Ltd. ISBN 1-58477-498-3. Cloth. \$125. * The standard one-volume treatise based on classic legal-realist principles. As its title suggests, Hall provides more than a thorough overview of the subject; he analyzes the principles that comprise its foundations with an emphasis on their creation and definition by officials. This process is explored in its chapters on legality, mens rea, harm, causation, punishment, strict liability, ignorance and mistake, necessity and coercion, mental disease, intoxication and criminal attempt, as well as its general chapters on criminology, criminal theory and penal theory. Acclaimed when its first edition appeared in 1947, it has been cited regularly ever since.

This title was first published in 2000: This volume includes essays on the theory and practice of criminal law. Many of the essays are interdisciplinary, reflecting the influence of developments in philosophy, sociology and psychology on the concept of criminality. Cross-cultural issues are also raised and considered.

The Concentrate Q&A series is the result of a collaboration involving hundreds of law students and lecturers from universities across the UK. Each book in this series offers you better support and a greater chance to succeed on your law course than any of the competitors. 'A sure-fire way to get a 1st class result' (Naomi M, Coventry University) 'My grades have dramatically improved since I started using the OUP Q&A guides' (Glen Sylvester, Bournemouth University) 'These first class answers will transform you into a first class student' (Ali Mohamed, University of Hertfordshire) 'I can't think of better revision support for my study' (Quynh Anh Thi Le, University of Warwick) 'I would strongly recommend Q&A guides. They have vastly improved my structuring of exam answers and helped me identify key components of a high quality answer' (Hayden Roach, Bournemouth University) '100% would recommend. Makes you feel like you will pass with flying colours' (Elysia Marie Vaughan, University of Hertfordshire) 'My fellow students rave about this book' (Octavia Knapper, Lancaster University) 'The best Q&A books that I've read; the content is exceptional' (Wendy Chinenye Akaigwe, London Metropolitan University) 'I would not hesitate to recommend this book to a friend' (Blessing Denhere, Coventry University)
