ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. --

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Now in its Ninth Edition, Check-in Check-Out remains the leading guide to managing profitable hotel operations. Extensively revised to reflect the industry ' s rapid change, it presents rich detail about best practices and future directions, while offering the widest coverage of any book in the field. Students gain an intuitive understanding based on the flow of the guest ' s experience: through reservation, arrival, registration, service purchasing, departure, billing, and recordkeeping. The entire rooms division is covered thoroughly, and linked to other hospitality functions, related industries, and the broader economy. Extensive new coverage includes: increased internationalization; green operations; new financing sources; boutique and urban collections; new reservations strategies; and much more. This edition has been streamlined to help students learn more in less time, and contains 150+ exhibits to promote visual learning.

The Student video library DVDs and the Student CD-ROM contain supplementary material for Operations management, 9th ed. and Principles of operations management, 7th ed. In the Virtual Office Hours on the DVDs, the authors walk students through each of the chapter solved problems. The video cases which supplement the book's content feature real companies and allow students to watch short video clips and read about the topics. On the CD-ROM there are also 34 video clips and 28 active models referred to in the text and illustrating chapter-related topics. Excel problem-solving software is provided to enable creation of worksheets to model and solve problems.
