Selected satirical articles of a Hindi author.

This book retells the story of Sinbad the Sailor and recounts tales of the voyages on which he acquired his wealth, of the strange peoples and monsters he encountered along the

way and of lands beyond the horizon. It places the fiction of Sinbad, popularised in the collection of stories known as the Arabian Nights, into the context of medieval Cairo where these tales were originally told. By retracing the history of these stories and the Arabian voyages of exploration and

A Modest Proposal Jonathan Swift - To ease poverty in Ireland by eating the children of the poor was the satirical 'solution' suggested by Jonathan Swift in his essay 'A Modest Proposal' (1729). Here Swift unleashes the full power of his ironic armoury and corrosive wit, finding his

third of all Lok Sabha constituencies. Fifty-six reporters and photographers were sent out on selected routes to explore different themes and convey the concerns that occupy them. The exercise showed just how diverse India really is, and how startling its variety. So that, as Nandan Nilekani

points out in his foreword, anyone who claims to 'know' India is either lying or foolish. These reports present a picture of the country with remarkable clarity, without getting lost in the maze of its complexity. As India negotiates this critical period of rising awareness and an intensifying
